Spencer Aimes is just your average, undercover, government-hired super-assassin. But when he meets Jen Kornfeldt, he finds true love and happily trades international intrigue for domestic bliss. Three years later, Spencer and Jen are still enjoying a picture-perfect marriage... that is, until Jen learns he's the target of a multi-million dollar hit. Now Spencer and Jen are on the run for their lives. As their suburban paradise turns into a paranoid game of dodge-the-bullet, they must find out who wants Spencer dead and why, all the while trying to save their marriage, manage his pain-in-the-ass in-laws, keep up neighbourly appearances and just plain survive. And you thought suburban life was easy.

Dom Cobb is a skilled thief, the absolute best in the dangerous art of extraction, stealing valuable secrets from deep within the subconscious during the dream state, when the mind is at its most vulnerable. Cobb's rare ability has made him a coveted player in this treacherous new world of corporate espionage, but it has also made him an international fugitive and cost him everything he has ever loved. Now Cobb is being offered a chance at redemption. One last job could give him his life back but only if he can accomplish the impossible-inception. Instead of the perfect heist, Cobb and his team of specialists have to pull off the reverse: their task is not to steal an idea but to plant one. If they succeed, it could be the perfect crime. But no amount of careful planning or expertise can prepare the team for the dangerous enemy that seems to predict their every move. An enemy that only Cobb could have seen coming.
